THURSDAY, NOVEMBER 3.

FOR DELEGATE TO THE 50TH CONGRESS
PEDRO PEREA,
OF BERNALILLO.

Republican Ticket.

SANTA FE COUNTY.

T. B. CATRON,
For member of the council of the 33d legislative assembly.
WILLIAM KILPATRICK,
VICTOR ORTEGA,
For members of the house of representatives, 33d legislative assembly.
JAMES D. HUGHES,
For county commissioner 1st district.
J. T. McLAUGHLIN,
For county commissioner 2d district.
AUGUSTIN MAESTAS,
For county commissioner 3d district.
JOSE AMADO LUCERO,
For probate judge.
ATANASIO ROMERO,
For clerk of the probate court.
C. W. DUDROW,
For sheriff.
TELESFORO RIVERA,
For assessor.
FRITZ MULLER,
For treasurer and ex-officio collector.
FAUCUNDO F. PINO,
For superintendent of schools.
D. M. WHITE,
For surveyor.

D. M. White is a competent engineer and a young man of good character. He should be elected surveyor of this county at the coming election.

Faucundo F. Pino has done well as county superintendent of schools for one term. It is good policy to continue a good official. He should be re-elected.

The Republican party, when in power in this county, has given it a clean, honest and efficient county government. The good citizens of the county, the property owners and the tax payers will be serving their own best interests by voting for the Republican nominees, one and all, on election day.

The people of this county, in the offices of probate judge and assessor, desire just, fair and upright men. Such men are Telesforo Rivera, candidate for assessor, and J. Amado Lucero, candidate for probate judge on the Republican ticket. They should be elected.

Captain Fritz Muller is well and favorably known throughout the county. The Republicans have re-nominated him for the important office of collector of taxes. He is an honest man and a good collector. He should be re-elected and will be re-elected.

For nearly two years the affairs of Santa Fe county have been managed in a business like, economical and honest manner; the law has been enforced against crime and misdemeanors, irrespective of the political affiliations of the offenders, and peace and quiet have been the rule. The Republicans of the county have in the field a ticket composed of men who command the respect and have the confidence of the people, and there is no occasion for any change in the management of the county. The candidates on the Republican ticket, if elected, and all indications point to that result, will give the county the best administration it ever had.

The character and reputation of the men whose names appear on the Santa Fe county Republican ticket are such that no one will have any excuse for voting against them on next Tuesday. They are all good citizens, capable business men and will make honest, efficient officers. The voters should consult their best interests by voting for the Republican candidates.

The captains of the New Mexican squadron of Rough Riders, who were in Cuba and fought on the bloody fields at Las Guasimas and San Juan heights, have been nominated by the Republicans for office at the coming election. Captain Fred Muller for treasurer and Captain Max Luna for representative from Valencia county and Captain W. H. Llewellyn for representative from Dona Ana and Grant. These three gallant officers will be triumphantly elected. The people of New Mexico appreciate their services.

The campaign is rapidly drawing to a close and political matters in the territory are decidedly warm. The reports coming from all parts of the territory are to the effect that the Republicans have made great gains in every county in New Mexico. Hon. Pedro Perea is certain of election by a handsome majority; a considerable majority of their candidates for the legislature from the different counties, and most of the Republican county tickets will be elected. For the interests of the territory such a result of the election would be the best thing that could possibly happen.

Perea, the Taxpayer's Friend.

Ever since the year 1882, Mr. Perea, the Republican candidate for congress, has attended every session of the legislature, either as a member, or for the purpose of using his great influence in the interest of reducing public expense, limiting taxation and seeing that the taxes collected were properly applied.

In 1889, while in the legislative council, he introduced, and against the most violent opposition had passed what is known as the Perea finance bill, under which specific appropriations were made for all territorial purposes, a fiscal year was established within which only the appropriations made for that year could be used, and taxes were levied directly to meet these appropriations, thus radically changing the old law, which provided only for one general fund, to meet which a general tax of 2 1/2 mills was levied, regardless of the needs of the territory, and which levy for years had been utterly inadequate, resulting in the issuance of an enormous mass of warrants against the general fund, which were practically valueless, as no one could tell when they would be paid, and the fortunate one who got in first with his warrant when there was any money in the treasury, had it paid in full, while other men with equally meritorious warrants, were compelled to wait indefinitely. That system has been continued for nearly 19 years, and has worked so satisfactorily that it will probably never be changed, resulting in an enormous saving to the territory, as well as giving to the creditor of the territory a warrant only when there is money in the treasury to pay it, so that today, a territorial warrant is as good as a United States draft.

In addition to this measure Mr. Perea introduced and had passed over the opposition of nearly all the county officers in the territory, a bill fixing the fees and salaries of territorial and county officers, which reduced the expenses to tax payers and litigants nearly one-half. He voted for and was an earnest advocate of our present school law, which has been in successful operation, with hardly any changes, since 1891.

During the session of the 31st legislative assembly, in 1895, which legislature had a very large majority of Democrats and so-called Unionists, the house of representatives employed, in addition to the subordinate officers provided for by the act of congress, 31 employees, at an expense ranging from \$3 to \$8 per day; this for 24 members, the council consisting of 12 members, also employed 29 additional employees, and in addition to all this, four "sweepers" were employed, and an appropriation was made to pay these employees amounting to \$12,000, which was ordered to be placed to the credit of the speaker of the house of representatives and of the president of the council, to be by them disbursed in the payment of these employees. This money was then on hand in the treasury, having been collected for the purpose of defraying the legitimate expenses of the territory, interest on its debt, salaries, the maintenance of schools and other purposes for which levies had been made and appropriation had. Mr. Perea in the council, protested most vigorously against this wholesale robbery of the territory for the benefit of the hangers-on, known as employees, but took the matter into court by way of injunction to restrain the payment of these outrageous claims, and to the credit of Judge Laughlin he said, he granted the injunction, but immediately the supreme court was called together in special session; the plunders of the territory appealed from the decision of Judge Laughlin and the supreme court through its chief justice, rendering an elaborate opinion, reversed the decision of Judge Laughlin, and compelled the auditor and treasurer to pay this tribute levied upon the tax-payers by the gang known as "employees."

This action on the part of Mr. Perea, not only required great courage, (for, at that time it was notorious that the employees were running the legislature, and had more influence than members) but it also required an expenditure of time and money, which few men in the territory would care to undertake. But in this, as in all his other public acts, Mr. Perea acted fearlessly and in the interest of the people and the taxpayers.

This is his record in the past, and in the broader field which he will have in congress, the same qualities will characterize him as in the legislature of New Mexico, and as a private citizen. He has no "entangling alliances" with any man or set of men, which will prevent his doing exactly what he believes to be right, and passed experience has shown that he knows what is right and for the best interest of the people.

HON. T. B. CATRON, Republican Nominee for the Council from Santa Fe County.

Hon. T. B. Catron, the Republican candidate for the council of the 33d legislative assembly from Santa Fe county, was born in Lafayette county, Mo., October 6, 1849, and received his education in the public schools of his native county and in the University of Missouri, graduating from the latter institution in the spring of 1870. When the civil war broke out he enlisted as an artilleryman in the confederate army and served four years, his battery surrendering at Mobile, from which place he was sent to New Orleans, where he was paroled. He then returned to his Missouri home, and in 1866 started for New Mexico with an ox team, walked the entire distance across the plains, reaching the territory the same year.

He at once saw the necessity of learning Spanish, and in order to accomplish that in the shortest possible time, went to a small village where there were no English speaking people, and remained six months. At the end of that time he took up his residence in Las Cruces and began the practice of law. Shortly after that he was appointed district attorney for the 3d judicial district, and held that position for two years. In 1868 he removed to Santa Fe, where he has since resided.

In 1869 Mr. Catron was appointed attorney general of the territory, which office he held until 1873, when he resigned to become United States attorney for New Mexico, under President Grant, serving in that capacity nearly seven years. Mr. Catron has served four terms in the territorial legislature, in 1888 and 1889, in the house, and in 1894 and 1895 in the council. During his services in the legislature and since he has always endeavored to advance the interests of the territory in general and those of Santa Fe in particular. In 1884 he succeeded in passing the bill to locate the penitentiary at Santa Fe and appropriating funds for the construction of a capital building in this city, and at all times he is to be found fighting for his home county.

In 1892 he was nominated by the Republicans as the candidate for delegate to congress against Hon. Antonio Joseph, but was defeated by 579 votes. In 1894 he was again the Republican candidate for the council, receiving 18,113 votes, against 15,351 votes for Mr. Joseph, the Democratic candidate, and 1,835 votes for Mr. Mills, the Populist candidate. In 1896 he made the race for delegate and was defeated, receiving 17,027 votes, against 18,935 votes cast for Mr. Fergusson, the Democratic candidate.

Mr. Catron is one of the best known men in the territory, and undoubtedly stands at the head of the New Mexican bar, having a large clientele and a lucrative practice extending all over the territory. He is also one of the largest property owners and tax payers in New Mexico, owning lands and mines in Santa Fe, Mora, Taos, San Miguel, Socorro, Rio Arriba, Sierra Grant, Chavez, Guadalupe and Dona Ana counties. In southern Santa Fe, Grant and Socorro counties he has mines which are in active operation and proving profitable. Mr. Catron came to New Mexico 27 years ago virtually without a cent, but by industry and frugality has succeeded in amassing a large property, and his election to the council from Santa Fe will place him in a position where he can look after the interests of the tax payers in a careful and business like manner. Having large interests at stake himself, he will not allow extravagance in any form.

Mr. Catron is in every sense of the word a resident of Santa Fe, owning large properties in the city, is interested in the advancement and growth of the city and will be a member of the council who will seek to assist in bringing the place into prominence. As a friend of the people, his many acts in that direction are sufficient evidence of his interest in them. He is a powerful and eloquent speaker, has a widespread influence among the men of prominence in the territory and will not hesitate to use his influence for the benefit of the city and country. Taking everything into consideration, Mr. Catron is the logical candidate for the council from Santa Fe county, and his election will result in great benefit to the county and territory.

Why Many Socorro County Voters Will Vote Against Fergusson.

(San Marcel Bee.)
On election day many of the Socorro county voters will go to the polls with the object of planting a ballot against Harvey B. Fergusson. They believe (and who will say that their heads are not level) that a man who has allowed himself to be published as a delinquent taxpayer in Socorro county for several years, and finally avoided payment entirely by securing a rebatement from a Democratic board of county commissioners, is not the proper kind of man to represent them at Washington. For proof of this statement read the proceedings of the board published in last week's Bee.

The Republicans are sure of carrying the council for the council from the district composed of Colfax, Mora and Union counties, is a citizen of high character and of fine education. He is respected and liked wherever known in the district, and will make a strong race. It is conceded that he will carry Mora and Union counties. If Colfax county gives him a small majority or only a small majority against him, he will be elected, and if so, will prove a first class legislator in every respect.

Mr. A. D. McIntosh, Republican nominee for the house of representatives from Rio Arriba, Taos and San Juan counties, is a native of Virginia, but has lived in the west for many years. He has been a resident of San Juan county for about 10 years, resides at Cedar Hill in that county, where he has a fine farm and orchard. He is about 55 years of age and is a man of intelligence and of information concerning public affairs. He understands the needs of the district in a legislative way fully and will be found a valuable and hard working member of the house of representatives.

J. Rafael Aguilar, Republican nominee for the house of representatives from Rio Arriba, Taos and San Juan counties, is a native of Mexico, but has lived in the west for many years. He has been a resident of San Juan county for about 10 years, resides at Cedar Hill in that county, where he has a fine farm and orchard. He is about 55 years of age and is a man of intelligence and of information concerning public affairs. He understands the needs of the district in a legislative way fully and will be found a valuable and hard working member of the house of representatives.

A Pen Picture of Pedro Perea.

(San Marcel Bee.)
Let a man have a reputation of being fair and upright in his dealings, and he will possess the confidence of all who know him. Without these qualities every other merit will prove unavailing. The world is always asking for men who are not for sale; men who are honest from principle; men who will condemn wrong in friend or foe—in themselves as well as others; men who can tell the truth and look the world and the devil right in the eye. This is a true pen picture of Hon. Pedro Perea, and no voter will make a mistake by committing it to memory for use November 3.

Trying to Get Votes.

(Albuquerque Citizen.)
H. B. Fergusson deserves especial mention for the glib way in which he can make any sort of pledge about anything to get a few votes. He has actually promised that he will get a rehearing in the court martial of Lieutenant H. O. Flipper, which occurred several years ago, providing that the colored Republicans vote for him. He has secured two or three deluded colored men to work on this scheme. Mr. Fergusson does not pretend to say how he, a Democrat, is going to induce President McKinley to open the case. The fact is that H. B. Fergusson has no idea that he can help Lieutenant Flipper. He would not if he could. The Democrats and Mr. Fergusson howled themselves hoarse when Flipper was appointed a cadet to the West Point military academy, and the Democratic cadets mutilated his ears and made life a burden to the young man.

Mr. Fergusson as a Straddler.

(Albuquerque Citizen.)
Mr. Fergusson in a sneaking way has tried to straddle on the ditch question. He wrote a letter to Judge Gutierrez saying that he was opposed to Grant's ditch scheme, and at the same time his friends in this city were given to understand that he was in favor of the proposition. He worked in a similar manner two years ago on the capital question. His friends here indignantly denied that he had made a deal with Santa Fe on the question, while he at the same time was trading off this city to get a few hundred more votes in Santa Fe county. Mr. Fergusson is the most genial and self-possessed straddler in New Mexico. He belongs to a party in favor of free trade, and yet poses as a protectionist. He is interested in a gold mine at White Oaks, and at the same time is the loudest silver advocate in the territory. His friends actually claim that he passed the tariff bill. He is rock-ribbed in his social prejudices, inherited from his Alabama ancestors, but before each election he suddenly becomes a cosmopolitan, and tries to pose as a special friend and champion of the colored race. Just now his bosom swells with love for the Mexicans! He says that he defended them in the halls of congress, and in striking attitudes appeals to them for their votes.

Mr. Fergusson is the champion straddler of New Mexico and can stand with complacency on any sort of a political platform.

No deception practiced.
No \$100 Reward.

DOCTORS CAN'T Cure It!

Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse. S. S. S. is the only cure for this terrible affliction, because it is the only remedy which goes direct to the cause of the disease and forces it from the system.

I was afflicted with Blood Poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to get worse all the while. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect whatever. I was disheartened, for it seemed that I would never be cured. At the advice of a friend I then took S. S. S., and began to improve. I continued to improve, and finally avoided payment entirely by securing a rebatement from a Democratic board of county commissioners, is not the proper kind of man to represent them at Washington. For proof of this statement read the proceedings of the board published in last week's Bee.

W. R. NEWMAN, Staunton, Va.

It is like self-destruction to continue to take potash and mercury; besides totally destroying the digestion, they dry up the marrow in the bones, producing a stiffness and swelling of the joints, causing the hair to fall out, and completely wrecking the system.

S.S.S. For The Blood

is guaranteed Purely Vegetable, and is the only blood remedy free from these dangerous minerals.

Book on self-treatment sent free by Swift Specific Company, Atlanta, Ga.
